PROJECTS

Trips-Ahoy! | **Project Manager** | https://github.com/gtannous16/Trips-Ahoy **|** https://trips-ahoy.herokuapp.com/
- Web app that aids the user in deciding where to vacation based on their personality type. The user takes a personality quiz and the results render destination options that prompt the user to search through and book their vacation.
- Languages used: HTML, CSS, Javascript, Axios
- Technologies used: Mongo, Mongoose, Prop Types, React Transition Group, Express, React.js, Node.js, and Heroku.

HoneyDew | **Front End Development Manager** | https://github.com/mmg489/HoneyDew **|**

- Collaborated with team members in order to create a user-friendly application to aid couples in deciding where to venture on date nights.
- Languages Used: HTML, CSS, JavaScript, jQuery
- Technologies Used: Node.js, Express, Handlebars, Materialize CSS, Swiper.js Library, MySQL, AWS. Database, and ORM (Object-Relational Mapping).

Travel App| **Developer** | https://github.com/aupreti1/Personal-Traveling-App | https://aupreti1.github.io/Personal-Traveling-App/

- Integrated with team members to develop a travel application which suggests ideal travel locations based on the user's personality and preferences.
- Languages Used: HTML, CSS, JavaScript, jQuery, Axios
- Technologies Used: Materialize CSS framework, Firebase, Pixabay API, and Google Places API.

VOLUNTEER EXPERIENCE

Teen SOYO (Antiochian Orthodox Church of America)   2015 – Present
Youth Director   Diocese of Miami & the Southeast, USA

Assists in shaping young teen minds, their spiritual growth and work ethic. Oversaw and mentored teens in developing their website. Has collaborated with graphic designers to create the official logo for the organization including many t-shirts and branding opportunities. Continues to serve this organization as a way to pay forward the many qualities that were gained as a Teen Officer of the Board.
